Postage 2 cents per ounce or fraction, for United States and British Provinces (except Newfoundland). At least one rate (2 cents) must be prepaid to insure forwarding. Postal cards, U. S. and British Provinces, 1 cent.

The use of the hand stamp for personal communications, as the stamping of a receipt or credit on a bill of account, price list with prices added in writing, matter produced by the type-writer, constitutes the matter first class.

Letters and postal cards can be forwarded from one post office to another without additional prepayment of postage. All other matter can be forwarded at the request of the party addressed, when the postage will be collected on delivery.

2D CLASS.—All newspaper and other periodical publications which are issued at stated intervals, and as frequently as four times a year, from a known office of publication and with a paid list of subscribers. Rate 1 cent per pound, and is for the benefit of publishers and news agents and of dealers only. Publications of this character can be mailed by the public at the rate of one cent for each four ounces or fraction; full prepayment of postage compulsory.

3D CLASS.—Books (printed), circulars, labels, photographs, proof sheets, and corrected proof sheets and MS. copy accompanying the same, blank checks, drafts, insurance policies and other legal papers, hand-bills, posters, and all matter of the same general character. Rate, 1 cent for each two ounces or fraction; full prepayment of postage compulsory. Seeds, cuttings, roots, bulbs, etc., may be forwarded in the mails for the United States, with postage prepaid at 3d class rate, but matter of this nature for Canada must be prepaid at 4th class rates. The date of issue, name of the addressee, the name of the sender, may be written on a circular, or the correction of a typographical error, without subjecting it to letter rate. Reproductions from Hectograph, Papyrograph, and Electric Pen may be sent through mails as 3d class matter.
